

Marabu Graphix - made for sketching! The high-quality drawing range for professionals and hobby artists

Bietigheim-Bissingen, January 2016

Marabu will present the Graphix theme, the high-quality drawing range for professionals and hobby artists, as a special highlight of the Creativeworld 2016 trade fair. Young and fresh in its design and concept, it offers the right tools to enable you to set creative ideas down on paper: high-quality pencils and watercolour pencils, Fineliners and water-based Aqua Pens. They are accompanied by three Colouring Card Sets that meet your every need, let you forget the hustle and bustle of everyday life and immerse yourself in a world of colours and shapes.

Losing yourself when drawing and painting is a growing trend that is reflected in many trendy forms of art, from colouring books for adults and drawing comics, doodles, mangas and fashion sketches to zentangles. Creativity affects us no matter where we are. It is a vision. An image. A feeling that overcomes us. We need to give it more freedom to let it unfold. Creativity must flow. Creativity must be free. Marabu Graphix offers the right tools to enable you to let your imagination run free and set creative ideas down on paper. The product range of markers offers every opportunity: relaxed scribbles while on the phone, illustrated musings during a lecture or memories drawn while leafing through old photos. The Graphix series pens and markers offers complete freedom of movement and accompany us through the world. The range includes high-quality pencils and watercolour pencils, Fineliners and water-based Aqua Pens. They are accompanied by three Colouring Card Sets.

Graphix Pencil – The pencils in this range are ideal for illustrations, sketches, final artwork and much more. Fine lines next to soft shading. Evanescent hatching meets with strong outlines. Grey is brought to life with Marabu Graphix pencils. The 12 hardness grades in the pencil series enable you to combine a dozen different styles in one image. Whether it's a sketch, graphical snapshot or a photorealistic illustration. The lead has a high yield and is break-resistant. The set includes 12 wood-cased pencils with the following hardness ratings: 6B, 5B, 4B, 3B, 2B, B, HB, H, 2H, 3H, 4H, 5H.

Graphix Aqua Pencil – The pigment rich watercolour pencils are perfect for illustrations, sketches, final artwork and much more. The Aqua Pencils can be used for both dry colouring - as with normal pencils - and wet colouring. The pigment rich colour can be effectively applied with a wet brush, creating a whole new dynamic and depth in the drawing. They are ideal for use on watercolour paper. The lead is pigment rich and break-resistant. The Funky Monkey set contains 12 wood-cased watercolour pencils.

Graphix Fineliner – Strong black from high-quality, light-fast and low-odour water-based pigment ink. Ideal for illustrations, sketches, final artwork and much more. Marabu Graphix Fineliners are designed for impulsive and structured visualisations. The set of 4 Graphix Fineliners with the following stroke widths: 0.2 mm, 0.4 mm, 0.8 mm and brush tip. Metal-enclosed plastic tip, cap with clip, no bleeding.

Graphix Fineliner Colour – Brilliant colours from the high-quality, light-fast and low-odour water-based pigment ink. Ideal for illustrations, sketches, final artwork and much more. The Marabu Graphix Fineliner Colour is a stable constant with coloured sketches and elaborate illustrations. The set of 12 **Doodle Supreme** Graphix Fineliners Colour contains 12 brilliant shades with a stroke width of 0.5 mm.

Graphix Aqua Pen – Brilliant colours from the high-quality, light-fast and low-odour water-based pigment ink. Draw with strong colours and sharp details. The double tips make this possible. A contour tip on one side and a flexible brush tip on the other. You can spread the colour in soft transitions with the brush for intensive colour transitions. The Aqua Pens can also be used as watercolours on watercolour paper with a wet brush.

Marabu Graphix Aqua Pens are available in presorted colour sets. Always the right shades to express any idea:

KING OF BUBBLEGUM – The set of 6 offers a combination of sweet, radiant and contrasting Aqua Pen colours packed in a bold comic style. **MA KE MANGA** – The manga style set offers a combination of 6 perfectly coordinated colours that blend into each other creating wonderful shading. **METROPOLITAN** – The set of 6 combines 6 cool colours for urban illustrations. **MEGA MASH** – 12 colours allow you to create any idea no matter how crazy it is and produce a variety of styles and techniques.

Colouring Card Sets – The illustrative postcards offer pre-sketched designs that are simply perfect to allow you to let the colour flow. The three **Tangle World**, **Poodle Doodle** and **Crazy Doodad** sets each offer 12 cards with different themes and styles that enable you to lose yourself when colouring with the preset templates. Get lost in the right direction!

Online services: Marabu Graphix also has a digital presence. The specially designed website clearly presents different projects for experimenting with the new pencils and markers and new techniques. Videos, photos and text encourage visitors on the site to study the new Marabu range in detail. Whether you are a professional or hobby artist – all visitors will discover which pencils and markers are best for them. Discover Marabu Graphix for yourself:
